

How to Link to Paragon instead of Portals

Did you know that you can use Paragon to share a link to a listing?

In Paragon Pro, click the **Share** button at the top of the page, then click **CollabLink Share**, copy the link, and paste it wherever you need it to go.

The **Share** button is at the **bottom** of the page in **Paragon Connect**, and Connect has links for the public and for members.

Choose the **public link** for most things. Sharing the link for members requires the user to log into the MLS to view the property.
