Pending contracts reflect listings with a contract in place at the end of the month. In contrast, contracts written measures the number of listings put under contract during the month.

The chart displays the following data series:

- Actual Values:** Represented by dark blue vertical bars, showing monthly or quarterly data points with high variability.
- Moving Average:** Represented by a solid orange line, smoothing out the fluctuations to show the underlying trend.

Key observations from the chart include:

- A major peak in actual values occurring in early 2021, reaching approximately 7 units.
- A secondary peak in actual values occurring in mid-2025, reaching approximately 5 units.
- The moving average line generally remains below 2 units, with a slight upward trend starting in 2025.
